Testimonial

"Dear Hena,
Thanks for confirming receipt of the docs sent yesterday. Wanda will send us the copy of the extension letter as soon as I see it I will pass it over to you.

Once again, Hena you have been very professional and helpful. May Allah Bless you. Please let us know if you need anything else.

Keep up the good work, Nizari has been solving problems of Jamati financial needs; it is our own great Ismaili organization.

Have a great day,"
Salim Jaffer – Nizari Member

Technology Updates

IMPORTANT MESSAGE TO OUR MEMBERS

Nizari Progressive Federal Credit Union will be making technology enhancements in January 2015 by converting to a new core processing system. Conversion to the new core will allow us to utilize new technology for processing transactions more quickly and accurately, enabling us to build a stronger foundation for your financial well-being.

This newsletter is the first installment of many communications you will see throughout the conversion process. We want to let our members know that we will use every communication method available to notify you of our progress and update you on what you can expect from Nizari. The core processing system is the backbone operating system for all financial institutions, housing all member transactions and data. While converting to a new processing system is a major undertaking, we know our members will benefit from this step forward into the future of Nizari PFCU. We are excited to bring this new level of technology to Nizari members.

Attention ATM Card Holders

Nizari will be closing all of its ATM cards effective 11/20/2014. Alternatively, you can use your debit card which not only has all the same features as the ATM cards but also has additional features. To open a checking account and obtain a Debit Card, please contact us at (281) 921-8500 or visit us in person at your nearest location.
